CREATE IBM WATSON IOT PLATFORM AND DEVICE

AIM:

To create the IBM Watson IoT platform and device.

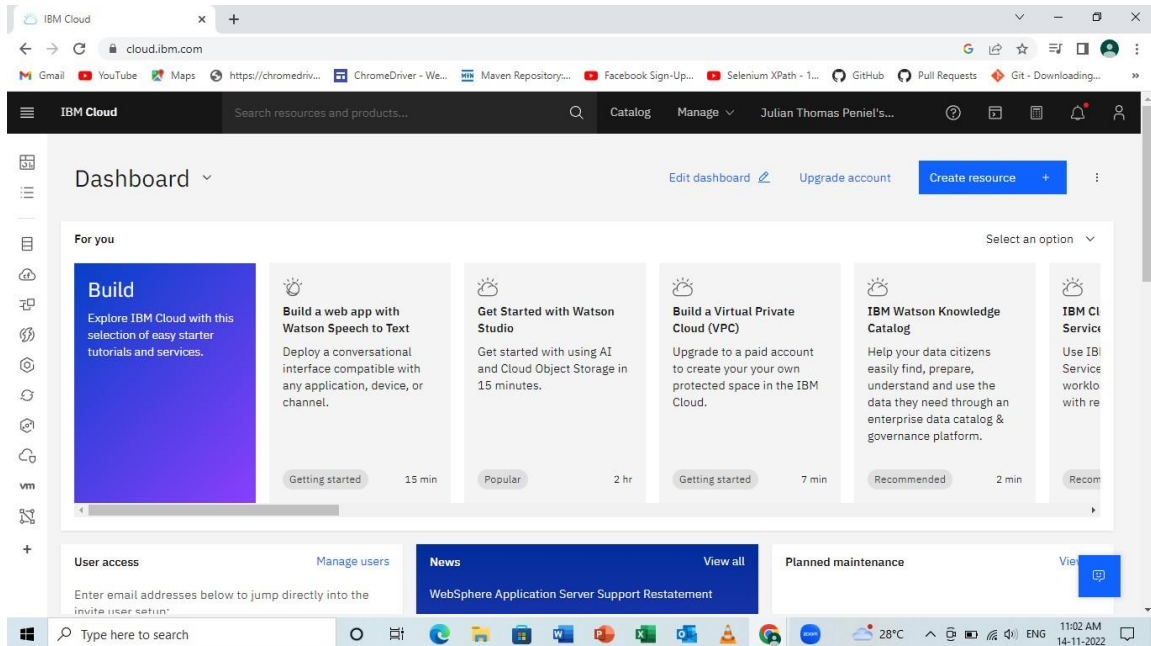

STEPS:

1. First create an IBM cloud account with IBM id and a password.

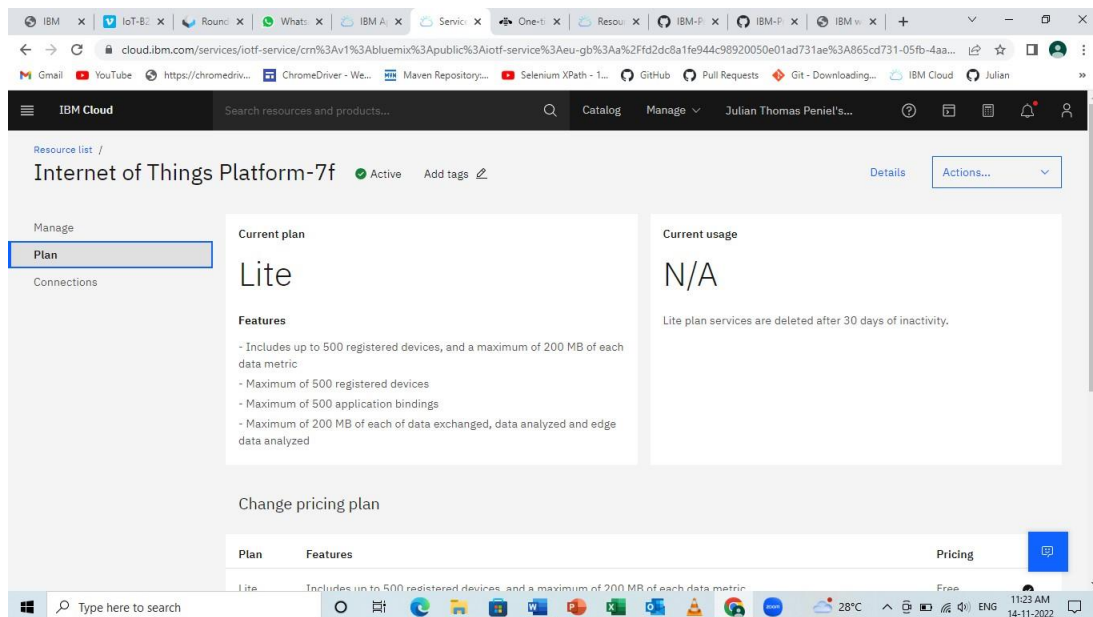

2. Home page of IBM cloud.

Team ID PNT2022TMID04624

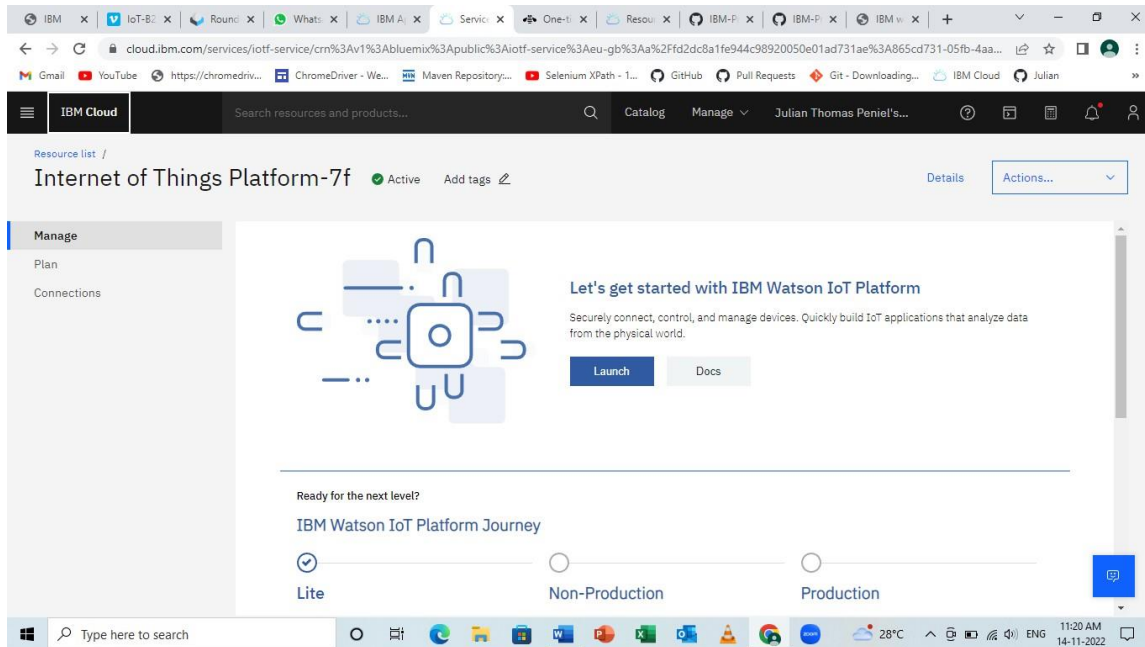

3. Internet of Things Platform Child safety will be created, where there are different options like manage, plan, and connection.

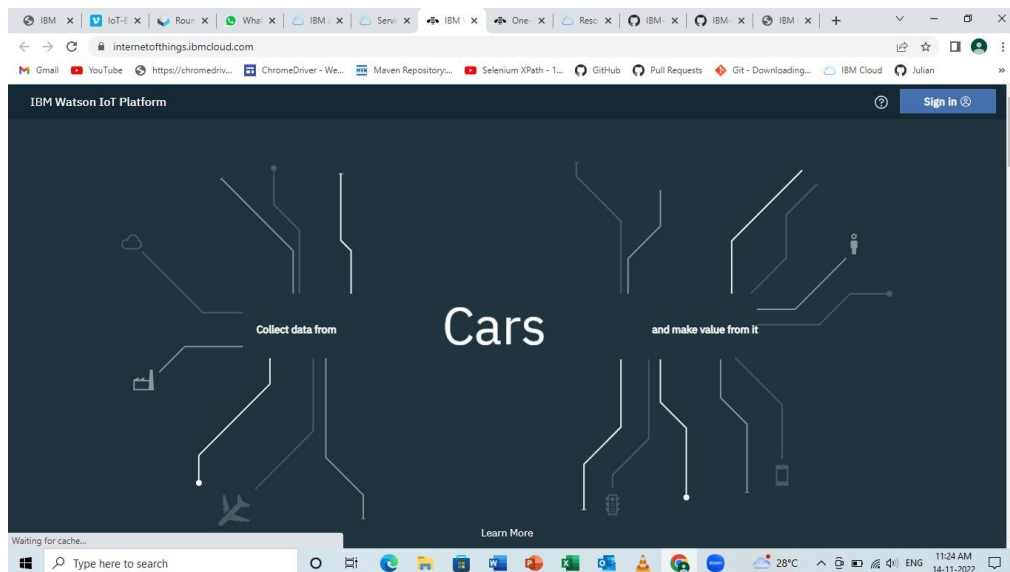

Team ID PNT2022TMID04624

4. Clicking on the launch button in the manage tab, it will open to this.

5. Enter the details to sign in to the Watson Cloud to create a device.

7. And again clicking on the launch button will open this tab, the device will help in the creation of the devices, the addition of devices, and the display of details of the devices.

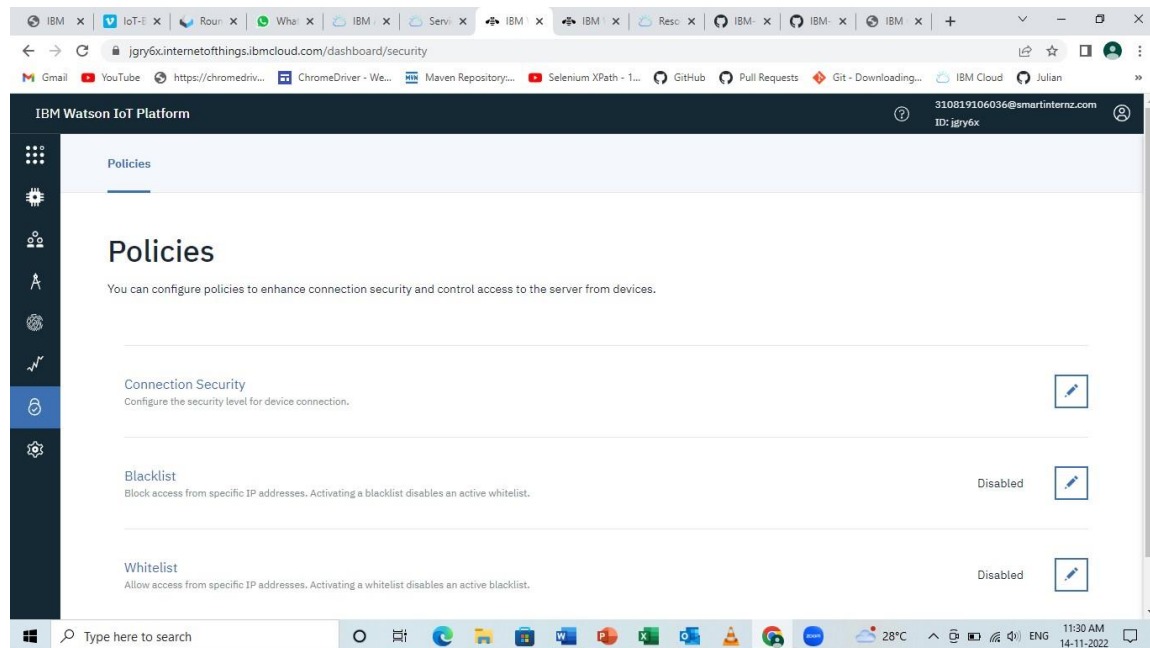

8. The setting tab is used to change the general setting if needed for the project.

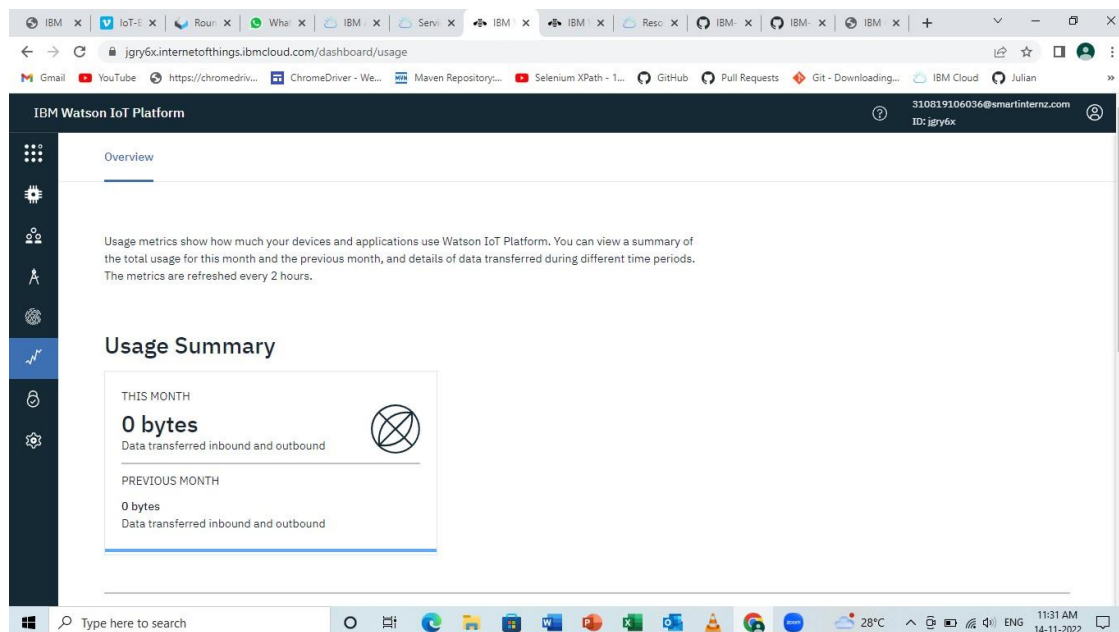

Team ID PNT2022TMID04624

9. the security tab we can choose the type of security connection and can change according to specification.

10. Usage gives the summary of how many bytes are used between the devices and the IBM cloud.

Team ID PNT2022TMID04624

11. The member tab is add the teams members to work in the platform.

The screenshot shows the 'Browse Members' page in the IBM Watson IoT Platform. The page has a dark sidebar with navigation icons. The main content area has a header 'Browse' and a '+ Add Members' button. Below the header is a search bar with the placeholder 'Type the member email to search for'. A table below the search bar shows a summary of members. The table has columns: Email Address, Name, Role, Added By, and Expires. There is one result listed: 310819106036@smartinternz.com, 310819106036@smar..., Administrator, -, and -. The page footer shows a search bar and system information.

Email Address	Name	Role	Added By	Expires
310819106036@smartinternz.com	310819106036@smar...	Administrator	-	-

12. This tab is used when you want to connect to some other platform and to integrate with other services.

The screenshot shows the 'Browse API Keys' page in the IBM Watson IoT Platform. The page has a dark sidebar with navigation icons. The main content area has a header 'Browse' and a '+ Generate API Key' button. Below the header is a search bar with the placeholder 'Type the app description to search for'. A table below the search bar shows a summary of API keys. The table has columns: Key, Description, Role, and Expires. There are 0 results listed. Below the table is a bee icon and the text 'There are no API Keys'. The page footer shows a search bar and system information.

Key	Description	Role	Expires
0 results			

Team ID PNT2022TMID04624

13. Click on the device tab and click on the add device button, then give the device type and device id and click next.

The screenshot shows the IBM Watson IoT Platform interface. The top navigation bar includes 'Browse', 'Action', 'Device Types', and 'Interfaces'. The 'Add Device' wizard is open, showing a progress bar with four steps: Identity (selected), Device Information, Security, and Summary. Below the progress bar, a message states: 'Select a device type for the device that you are adding and give the device a unique ID.' The 'Device Type' field is set to 'Nodemcu' and the 'Device ID' field contains '199795'. At the bottom right of the wizard, there are 'Cancel' and 'Next' buttons. The browser's address bar shows the URL 'jgry6x.internetofthings.ibmcloud.com/dashboard/devices/browse/add'. The Windows taskbar at the bottom displays the search bar, application icons, system tray, and a clock showing 11:33 AM on 14-11-2022.

14. This page to enter extra details and of the hardware.

The screenshot shows the 'Add Device' page in the IBM Watson IoT Platform. The progress bar indicates that the 'Device Information' step is currently active. The page contains several input fields for device details:

Field	Input
Serial Number	Enter Serial Number
Manufacturer	Enter Manufacturer
Model	Enter Model
Device Class	Enter Device Class
Description	Enter Description
Firmware Version	Enter Firmware Version
Hardware Version	Enter Hardware Version
Descriptive Location	Enter Descriptive Location

At the bottom of the form, there is a button labeled 'Add Metadata'.

15. Clicking on next it goes to the summary of the device then click finish.

The screenshot shows the 'Add Device' page in the IBM Watson IoT Platform, now at the 'Summary' step. The progress bar shows that 'Identity', 'Device Information', and 'Security' steps are completed. The page displays the following summary information:

- Device Type: MyDeviceType
- Device ID: 12345
- Security Token: To be generated

Below the summary information, there is a button labeled 'View Metadata'. At the bottom right of the page, there are two buttons: 'Back' and 'Finish'.

Team ID PNT2022TMID04624

16. The device credentials will be displayed with all the details.

The screenshot shows the 'Device Drilldown - 12345' page in the IBM Watson IoT Platform. The left sidebar contains a menu with options: Device Credentials, Connection Information, Recent Events, State, Device Information, Metadata, Diagnostics, Connection Logs, and Device Actions. The main content area is titled 'Device Credentials' and includes a description: 'You registered your device to the organization. Add these credentials to the device to connect it to the platform. After the device is connected, you can navigate to view connection and event details.' Below this, a table displays the following information:

Organization ID	igry6x
Device Type	MyDeviceType
Device ID	12345
Authentication Method	use-token-auth
Authentication Token	M3f8xtfOu34@z0C@b

A warning icon and text at the bottom state: 'Authentication tokens are non-recoverable. If you misplace this token, you will need to re-register the device to generate a new authentication token.'

17. Clicking on the device tab we can now see the added device. Clicking on it will display the other details.

The screenshot shows the 'Browse Devices' page in the IBM Watson IoT Platform. The page has tabs for 'Browse', 'Action', 'Device Types', and 'Interfaces'. Below the tabs, there are buttons for 'All Devices' and 'Diagnose'. A descriptive text states: 'This table shows a summary of all devices that have been added. It can be filtered, organized, and searched on using different criteria. To get started, you can add devices by using the Add Device button, or by using API.' Below this, there is a search bar labeled 'Search by Device ID' and a 'Device Simulator' toggle switch. The main content is a table with the following data:

<input type="checkbox"/>	Device ID	Status	Device Type	Class ID	Date Added
> <input type="checkbox"/>	12345	Disconnected	MyDeviceType	Device	14 Nov 2022 11:37

At the bottom of the table, it says 'Items per page 50 | 1-1 of 1 item' and '1 of 1 page'.
